

ORLEANS MIDGET LEAGUE

CORONAVIRUS GUIDELINES

AND WAIVER FORM

Coaches, players, parents and fans...

The following is a list of recommended guidelines as we embark upon a shortened 2020 season. We ask that you sign at the bottom and return this form to your coach. We want this to be a fun few weeks for everyone so if anyone has any concerns at all, either now or at any point during the season, please contact co-commissioner Scott DeSmit at 815-5150. Thanks.

Here are some guidelines we will be following this year:

- 1. Players will not be allowed to gather in the dugouts. We ask that upon returning from the field, players sit with their families.**
- 2. Face masks are optional for all involved. Coaches and players will be practicing social distancing.**
- 3. Coaches will NOT be providing water coolers. Please provide your child with single-use drinks, which are not to be shared.**
- 4. Please refrain from bringing snacks for all the players to share.**
- 5. No sunflower seeds or gum. Players should avoid high-fiving, home-run hugs, etc.**
- 6. No sitting in the bleachers. We ask that you practice social distancing and spread out while watching games.**
- 7. Please try to limit the number of people attending games for each player.**
- 8. Teams will have hand sanitizer available for players.**
- 9. No shared equipment.**
- 10. Finally, if anyone is sick, do not come to the games and do not send your child to the game if he/she is exhibiting any symptoms such as fever or cough. If a player shows any signs of sickness, the coaches will ask that you take that player home.**

That's all. Enjoy the season and good luck to everyone!
